At DJ Rock My World, our idea and vision is to focus on brides, grooms, and their families & friends to bring everyone together with the goal of celebrating an amazing day centered around the wedding couple. At DJ Rock My World, LLC, our philosophy also centers on quality NOT quantity.

Your wedding is unique and should be treated as such. In fact, to assure that each wedding is given the proper attention, we only take on a limited amount of clients a year. At the first consultation, you are interviewing us and we are interviewing you. It is very important that understand your vision for your most important day.
